SANDOW'S WONDERFUL MUSCLES

He Shows Their Size and Developmen to Many Physicians.

From the Philadelphia Times. Eugene Sandow, the modern Hervate exhibition at the Colonade Hotel yesterday afternoon before a party of newspaper men and phy-

sicians. He did not perform any of his feats of strength, but confined himself to a scientific display of his marvelously developed anatomy. The wonderful display of pectoral and abdominal muscles called forth many murmurs of admiration from the medical men present.

Sandow permitted his guests to feel his muscles and their extreme hardness is something surprisingin fact, upon being thumped they gave forth a wooden sound. In gans by taking Hood's Sarsaparilla. closing his exhibition he showed his chest expansion, which reaches the extreme limit of fourteen inches. His sixty-one inches.
